DAHLIAS

f o r

1936

Badetty Brothers
Huntington, N. Y.

MRS. ALFRED T. BUNYARD

This splendid new formal decorative, named after the wife of one of New York's leading florists, promises to be the useful, long awaited yellow dahlia. Its deep, rich color together with perfection of type, excellent stem and attractive foliage, place it in a class by itself for the show room and for decorative purposes. It was awarded first honors in its class as an undisseminated dahlia, medium size, at the 1935 A. D. S. Show in New York. It is a thrifty grower and blooms freely from early season until frost. The many excellent qualities of this outstanding variety recommend it highly for the show room and as a most useful dahlia.

Roots \$5.00; Plants \$2.50 each

IMPROVED WARNER

This fine new decorative is a decided improvement over the old Warner both in color and stem. The perfectly formed blooms are of a glistening mauve pink, far more pleasing to the eye than the color of its predecessor. The plant has a sturdy habit of growth, reaches a height of about 4 feet and has exceptionally strong, sturdy stems. This is a very fine cut flower variety.

Roots \$1.50 each

GOLDEN ECLIPSE

A truly great formal decorative of rich golden yellow shading to warm salmon at the center. This flower, carried on strong stems 4 to 5 feet in length, presents a stately appearance on the plant and on display. It is recognized as an example of the true type formal decorative under the new A. D. S. classification, the blooms growing to 10 inches in diameter and are of great depth. The plant is a clean open grower reaching a height of 6 to 7 feet and is all that could be desired in respect to vigorous healthy growth. As an exhibition variety it has a long list of winnings to its credit including a Certificate of Merit at Storrs, Conn., many firsts and special awards and it is also an "Honor Roll" dahlia. Golden Eclipse excels as a cut flower with popular color, strong stems and long keeping qualities. Early planting of this variety is recommended to assure a long blooming season.

Roots \$1.50 each

JAMES KIRBY

A superb informal decorative. This is a strikingly beautiful flower often referred to as resembling a glowing ruby in color. Its dazzling brilliance combined with richness is not matched by any other dahlia in cultivation. It may be briefly described as crimson blending to a deeper ruby shade at the center, a color that does not burn in the sun. The plant is a vigorous grower reaching 7 feet in height with the blooms correctly poised on strong stems 4 to 5 feet in length. It has been a consistent winner since scoring as best 1933 introduction in New York, is an Honor Roll dahlia and has received a Certificate of Merit at Storrs, Conn. In addition to being an exhibition variety of marked merit, it possesses those rare qualities that have placed it in the lead as a cutting variety. While it is still a new dahlia, its rapidly growing popularity as a red rivals that of Jersey's Beauty in the pink class. Field grown stock.

Roots \$1.00 each

MINIATURES

ECLIPSE JR., MFD. A winner in New York as the best undisseminated miniature in the 1935 Show at the Pennsylvania Hotel. Perfection of type and stiff wiry stems that hold the flowers facing at the correct angle are striking characteristics of this new variety. Contributing to its real charm is the color—a pure cadmium deepening at the center. The plants are vigorous, healthy growers, 3½ to 4 feet in height and are free bloomers. Eclipse Jr. has proven a favorite wherever seen during the past season and is prominently featured in at least two of the 1935 Honor Rolls of dahlias. We recommend it as one of the most perfect miniatures to date and a sure winner.

Plants only \$1.50

BABY ROYAL, MP. Beautiful blending of salmon and pink. One of the best.

Roots \$.75

BISHOP OF LLANDAFF, MDu. This grand little dahlia deserves its great popularity. The brightest scarlet blooms with deep garnet centers are set off by the reddish bronze lacy foliage. Be sure to get this one.

Roots \$.75

BRONZE BEDDER, MFD. A low growing plant with blooms of yellow, bronze and gold.

Roots \$.50

CORONNE, MFD. Considered the best white in this class. Stems and plants very good.

Roots \$.50

DAYBREAK, MID. Blending of gold and amber. This color is very effective.

Roots \$.50

DAZZLE, MP. A dazzling scarlet that does not bleach in the sun.

Roots \$.50

ELIZABETH PAPE, MC. Soft yellow and salmon pink. Very dainty.

Roots \$.50

FAIRY, MFD. This is one of the best of the newer miniatures. Color, a soft lavender pink. Fine for cutting.

Roots \$1.00

GAIETY, MFD. Here is a very showy one. Bright red, edged with white.

Roots \$.50

GARDEN LOVE, MFD. Dwarf plants covered with carmine-rose and gold blooms.

Roots \$.50

GERTRUDE S., MFD. Rosy lavender blooms on a low growing plant.

Roots \$.75

GOLD MIDGET, MFD. A golden yellow of very good form. Plants are sturdy growers.

Roots \$.50

GOOD LUCK, MID. The rich autumn bronze color of this little dahlia is delightful. The dwarf plants are covered with bloom.

Roots \$.50

IRENE, MFD. This is one of the very best in this class. Beautiful old rose blooms on long straight stems. Free blooming and good for cutting.

Roots \$.35

KISS ME, MID. A grand little red and white that is much admired.

Roots \$.50

LADY MARY HOPE, MFD. The lovely and unusual coloring of this little dahlia has made it a great favorite. A blending of amber and orange, tipped white.

Roots \$.75

LITTLE LOUIE, MC. This little cactus is a beauty. Dainty, pure pink blooms.

Roots \$.50

PICTURE, MP. The dwarf plants of this little beauty are covered with dainty blooms of a blending of rose, gold and buff.

Roots \$.50

PERSIMMON, MFD. One of the outstanding new miniatures of last season. Its name well describes its color. Very fine.

Roots \$1.00

PINK PEARL, MP. A lovely rose-pink with twisted and curled petals.

Roots \$.50

RAIDER, MP. Soft violet-rose suffused with yellow at base of petals. The petals twist and curl in a very dainty manner.

Roots \$.35

RED SEA, MID. Brilliant scarlet blooms against the bright green foliage is very effective. A very strong grower.

Roots \$.50

RHODA, MDu. Buttercup yellow blended with burnt orange. Plants are low growing and are covered with blooms.

Roots \$.35

SANHICAN'S SWEETHEART, MSC. This dainty little miniature has become the favorite of many. The color is a pale apricot suffused with shrimp pink. Winner of many prizes.

Roots \$.75

TEDDY JOHNSON, MFD. An extremely free flowering variety. Color, a pleasing blend of soft pink and white. Plants are tall and are strong growers. This one is very good.

Roots \$.35

VIRGINIA, MDu. Purest white with the narrow petals slightly incurved making an extremely dainty little bloom.

Roots \$.50

Z'IP, MID. Brilliant orange flame. The low plants are covered with bloom.

Roots \$.50

PRICE LIST FOR 1936

GENERAL LIST

ALASKA (Siebrecht) FD. Pure white of good form and with very good stems. **Roots \$.50**

ALYCE MARIE GALVIN (Galvin 1934) FD. An immense white with light shadings of pink. Habit of growth is very good. **Roots \$1.50**

AMBASSADOR (Brommall) C. An older variety but one of the good ones. Very large yellow-buff with a shading of pink. **Roots \$.50**

AMELIA EARHART (Cordes 1933) SC. An outstanding prize-winner and a beautiful dahlia. Coral-salmon blooms, large and deep on plants of good growth and habit. **Roots \$3.00**

ARCTURUS (Peck 1934) FD. Scarlet-red suffused deep yellow with yellow reverse. **Roots \$1.50**

BETTY LEE (Badetty) FD. A blend of pink and white that produces a delightful apple-blossom effect. A tall grower with very long stems. **Roots \$.50**

BLUE JERSEY, FD. A beautiful orchid-lavender sport of the well known Jersey's Beauty and has all of its fine habits. **Roots \$.50**

BOB WHITE, FD. Large size white of splendid form. A good clean grower with fine stems. **Roots \$.50**

BUCKEYE BRIDE (Peck 1931) FD. This beautiful pink is an early and continuous bloomer and has a very open, clean habit of growth. **Roots \$.50**

BUCKEYE KING (Peck 1934) FD. There are not many really good true formal decoratives but this beautiful clear amber yellow is one of the best. Can be grown to exhibition size. **Plants \$0.75; Roots \$1.50**

CHAUTAUQUA REGAL (Wallace 1934) FD. Truly a regal dahlia. A very rich, brilliant, cardinal red with reverse shaded ivory. **Roots \$3.00**

CHAUTAUQUA SALUTE (Wallace) FD. Good whites are very few but this one is fine. Pure white with absolutely no shading, an early and continuous bloomer and perfect grower. **Roots \$.50**

CHAUTAUQUA SUNSET (Wallace 1933) FD. This fine dahlia is very well named for it is a most glorious blending of all sunset colors. A good strong grower of medium height with flowers of large size. **Roots \$3.00**

CITY OF JAMESTOWN (Wallace) FD. One of the most vigorous growing of all dahlias. A perfect canary yellow of large size and depth with excellent stems and foliage. **Roots \$2.00**

CLARA BARTON (Nuneviller 1934) ID. A large pale lavender or silvery-orchid with a reverse of deep lavender. A very soft tone. **Roots \$2.00**

DOROTHY STONE (F & M) ID. Deep pink of good form and habit with good stem. **Roots \$.50**

DOT FARLEY (Vernon) ID. This western dahlia has many friends. Color a blending of golden yellow and pink. Habit very good. **Roots \$.50**

EAGLE ROCK WONDER (Brommall) SC. Very large size blooms of an orange-buff color; a dahlia of wonderful vigor. **Roots \$1.50**

EDITH GILL (Gill) FD. This seedling of Jersey's Beauty is one of the best of a large family. Color, rich, deep lavender-pink. **Roots \$.50**

EDNA FERBER (F. & M.) SC. Beautiful dahlias come and go but this one remains very popular. Glistening coral shading to gold at base of the curled and twisted petals. **Roots \$.75**

ELKBRIDGE, SC. Pure white, of clean cut habit. Has stood the test of time. **Roots \$.50**

ELISSA LANDI (Cordes 1934) FD. Color is the outstanding feature of this fine dahlia. A rich, brilliant coral of great beauty. A fine grower and good keeper. **Roots \$2.50**

ELIZABETH POTTER (Gordon). This unusual dahlia would be very popular if better known. A real prize-winner and a most beautiful color combination. Amaranth pink with inner rows of petals perle yellow, violet shading at center. **Roots \$1.50**

ELINOR RADELL (Felsing 1933) ID. An excellent pink with gold shadings and a reverse of deeper pink. Sturdy habit and good stems. **Roots \$1.00**

FRAU O. BRACHT (Berger) SC. Many uses may be found for this fine dahlia that has become very popular. Clean-cut is the word that describes its clear, light primrose yellow and its perfect plant growth. **Roots \$1.50**

FRANCIS LOROCCO (Rendfleisch) FD. A variety used extensively as a cut flower. Its sulphur yellow color and good growing habit combine to make it very satisfactory. **Roots \$.35**

FRANCIS LOROCCO, Improved, FD. Possesses the good qualities of the above but the color is several shades deeper making it much more satisfactory as a cut flower. **Roots \$.50**

FORT MONMOUTH (Kemp) ID. Winner of many prizes and still a great favorite. The well formed blooms of a rich claret color grow to a very large size. **Roots \$.50**

GOOD NIGHT (Brommall) ID. Color, garnet shaded maroon. We believe this is the best dahlia in its color class. A fine grower with good stems, very prolific with its large size dark colored blooms. It is a most desirable variety. **Plants \$.50; Roots \$.75**

HILLCREST FLUFFY RUFFLES (Scott) ID. Very large as the name might imply. Deep apricot in color. Habit of growth very good. **Roots \$1.00**

HILLCREST MANDARIN (Scott) ID. It will be very hard to find a better brightly colored dahlia. Large brilliant red with curled and twisted petals showing the amber reverse which gives a two-tone effect. **Roots \$1.50**

HILLCREST ROYALIST (Scott) ID. One of the good deep purple-red dahlias. Perfect large blooms on very long stiff stems. **Roots \$.75**

HONOR BRIGHT (Peck) FD. The large perfectly formed pure bright bronze blooms, borne on long cane stems, are a joyous sight in the garden. It is also a very easy variety to grow for it is exceedingly sturdy. **Plants \$1.00; Roots \$2.00**

JANE COWL (Downs) ID. Perhaps this fine dahlia is more extensively grown than any other of the larger exhibition varieties. Beautifully formed blooms of a warm golden buff shaded darker at the center. **Roots \$.35**

JANE DEW (Dew) ID. A very beautiful clear pink producing perfectly formed blooms in great profusion. **Plants only \$1.50**

JANET SOUTHWICK (Chapman) ID. A large flower of deep Terian rose. Very good. **Roots \$1.00**

JEAN KERR, FD. A small size pure white that is a great favorite for bouquets. **Roots \$.35**

JERSEY'S BEAUTY (Waite) FD. This grand pink is one of the greatest and most popular dahlias of all time. **Roots \$.35**

JERSEY'S MELODY (Waite) SC. The dainty lavender pink blooms, produced in profusion make this a fine garden dahlia. **Roots \$1.00**

JERSEY'S TRIUMPH (Waite) FD. An unusual shade of copper color with a suffusion of salmon-bronze, combined with a sturdy habit of growth make this one desirable. **Roots \$.75**

JIM MOORE (Loller) ID. Here is a fine grower that produces large blooms of a yellow and gold blend. A fine dahlia. **Roots \$.50**

J. J. JEFFERSON (Noonan) FD. A very fine pure white that would be very popular if better known. Try this one. **Roots \$1.50**

KARL BONOWITZ (Dahiel) SC. The well formed blooms of a velvety carmine, held erect on stiff canelike stems are very attractive. A very worthy variety. **Roots \$1.00**

KAY FRANCIS (Cordes). This new yellow has already proved itself to be a great prize-winner and will undoubtedly become one of the leaders in the dahlia world. A light lemon yellow of beautiful formation that will stand adverse weather conditions. A very free bloomer and good keeper. **Plants \$2.50; Roots \$5.00**

KENTUCKY (Castlewood) FD. A sport of Jersey's Beauty and a very strong grower. Color salmon pink. A good cutter. **Roots \$.35**

MABEL GOODACRE, FD. A free blooming sturdy growing dahlia producing large flowers of a beautiful shade of rose pink. **Roots \$.50**

MAE WEST (McIlhenny) SC. This variety produces a great profusion of wavy petaled blooms of a blending of salmon and gold. **Roots \$.50**

MARILDA (Peck-Alling) FD. Described by the introducer as a glorified Yankee Queen with the same soft pink shadings. A sturdy grower and a good keeper when cut. **Roots \$2.50**

MONMOUTH CHAMPION (Kemp) FD. A very large brilliant scarlet-orange on long, stiff stems. A very fine dahlia. **Roots \$.75**

MRS. ALFRED B. SEAL (Seal) ID. Blooms of exhibition size of a soft shade of pale old rose. Plant early. **Roots \$.50**

MURPHY'S MASTERPIECE (Murphy) ID. This grand dahlia is without doubt the most highly prized of all the large exhibition varieties. Its color and size make it really outstanding. The monster blooms of deep, dark red shading to crimson are held erect on long stiff stems. **Plants only \$1.50**

MYRA HOWARD (Glutzbeck) ID. A very worthy dahlia of a glowing combination of yellow cadmium and gold with tints of salmon. Petaloid formation which, with its delicate coloring, makes a most pleasing bloom. **Roots \$1.50**

NATHAN HALE (Badetty) FD. A dahlia that should be in every garden. We grow acres of this variety for cut flowers. It cannot be excelled for house decorations. The blooms are of medium size and are of a beautiful Autumn bronze color. A very sturdy grower that is particularly resistant to insects and dry weather. Be sure to try this one. **Roots \$.50**

NEW DEAL (Epler-Alling) ID. The color, a real clear orange, is the outstanding feature of this fine new variety. Very attractive in the garden and a basket arrangement of this beauty is a grand sight. Plants are very sturdy growers. **Plants \$2.50; Roots \$5.00**

OMAR KHAYYAM (Stout-Dahliadel) FD. In the bright colored class, this is a gem. Chinese red at the base shading to bright orange and tipped lighter. **Roots \$.75**

ORANGE BEAUTY, FD. We believe this to be one of the best of the Jersey's Beauty sports. Salmon-orange in color and a very fine cut flower. Try this one. **Roots \$.50**

ORIENTAL BEAUTY (Barker) C. The color of this beautiful flower is a clear, bright rose-pink. Petals incurved and blooms are of medium large size. A most artistic and useful variety. **Roots \$.75**

ORIENTAL GLORY (Swartz) ID. Pure cadmium-orange overlaid with scarlet, center heavily shaded scarlet. The general effect of this is a brilliant, deep orange. This combined with a sturdy plant make this one desirable. **Roots \$2.00**

PENN CHARTER (Hall) ID. Old gold with a light shading of deep rose. Blooms are large size and plant is a sturdy grower. **Roots \$.50**

PRINCE OF PERSIA (Newsom) ID. An exceedingly fine garden and exhibition dahlia. Rich glowing cardinal blooms of large size. A bright spot in the garden. **Roots \$.75**

PAULINE ARMSTRONG, (Vernon) FD. Variegated large purple, lavender and white. An outstanding dahlia in its class. **Roots \$.75**

RADIANT SUNRISE (Lee) ID. A grand blending of sunrise colors, several shades of red and yellow combined in such a way as to make a truly beautiful bloom. **Roots \$3.00**

RAINBOW'S END (Bissell) FD. This pleasing combination of red and gold produce a bloom of rare beauty. The healthy, upstanding habit of growth of the plant and the long straight stems which hold the brilliant blooms well above the foliage, make this a really outstanding dahlia. **Plants \$.75; Roots \$1.50**

ROSEATA, FD. This fine old pink is one of the best cutting varieties and without doubt, the longest keeper of them all. Soft, pink, suffused with salmon and sometimes streaked with gold. Fine upright plants. **Roots \$.50**

RUBY TAYLOR (Garrity) ID. One of the deeper tone dahlias that holds its color well in sunshine. A clear crimson-carmine on long, strong stems. Plants of vigorous habit. **Roots \$2.00**

SAGAMORE (Kirby) FD. This dahlia is one of the best cutting varieties ever produced. Introduced in 1921 and still going strong. Golden-amber slightly shaded with orange-buff at the center. **Roots \$.35**

SAGAMORE GOLD, FD. Pure gold suffused orange. Habit of plant, clean and open. **Roots \$.50**

SAN BERNARDINO, FD. A large size lavender-pink of very good form. The plant is a strong grower and stems are fine. **Roots \$2.00**

SANHICAN'S CAMEO (F & M) FD. A blending of color that is different and very pleasing. Coral-rose with golden sheen, reverse mallow pink. This blending of colors takes on a beautiful glow under artificial light. Plants are vigorous and stems strong. **Roots \$2.00**

SATAN (Ballay) SC. A dahlia with a fine record, having won many prizes. A giant red that is sometimes tipped with gold. Unusually strong plant growth with fine stems. **Roots \$1.00**

SCARLET DELIGHT, SC. Medium size blooms of brightest cardinal. A wonderful garden variety with fine plant growth. **Roots \$.50**

SCARLET LANDSCAPE, FD. In this variety we have something distinctly different and unique. Medium tall plants with very rich, green foliage and a mass of bright red blooms. The stems are very short, causing the flowers to be grouped together in a solid mass. The spectacular effect of a solid bank of red relieved by patches of rich green foliage, produced by a row of these plants in a border or background, may well be imagined. **Roots \$.50**

SENECAS, FD. In color this is the most beautiful of all of the Autumn shades. A clear, golden bronze with a satiny sheen. The blooms are carried on strong stems and plants are of medium height. **Roots \$.50**

SPOTLIGHT (Hulin 1934) ID. A beautifully formed light yellow of very pleasing formation. One of the good dahlias of recent introduction and worthy of a place in every garden. **Roots \$2.00**

STAR OF BETHLEHEM, ID. Pure white starlike flowers carried on long, straight stems. **Roots \$1.00**

SULTAN OF HILLCREST (Scott 1934) FD. One of the best new formal decoratives. The very large blooms are of a stronian yellow color and the plant is unusually sturdy. This variety and our Golden Eclipse are the two truest type formal decoratives and they will be used as a standard of comparison in this class. **Plants \$1.75; Roots \$3.75**

TOPAZOS, ID. Very similar in color and type to the old Patrick O'Mara. Color, clear topaz-yellow, shaded and streaked with rose. A very thrifty grower and free bloomer. **Roots \$.50**

VIOLET WONDER (Kemp) ID. This is one of the favorites of recent years. Very large flowers of bright violet-purple. A sturdy grower with strong, straight stems that hold the large blooms erect. **Roots \$.75**

WHITE KING (Eppig) FD. This is a pure white sport of Francis Lorooco. The well formed bloom is carried high on strong stems. Habit of growth is very good. **Roots \$.50**

WHITE WONDER (Kemp) ID. A prize-winner of real merit. Large, fluffy, pure white blooms with petals curled and twisted. A dahlia worthy of a place in your garden. Habit of growth is exceedingly strong. **Roots \$1.00**

WASHINGTON GIANT (Lee) ID. This variety is a prize-winner from the West. Very large blooms of lavender color tinted with orchid. A very sturdy grower. **Roots \$2.00**

YELLOW COWL, ID. A sport of the famous Jane Cowl but the color, we think, is much better. A clear, one-tone, light golden yellow. It has the same sturdy habit of growth as its parent. Try this one. **Roots \$.75**

POMPONS

MORNING MIST, Pom. 1½-2 in. 85M. Certificate of Merit at Storrs, Conn., 1935. This is one of the most valuable contributions to the list of good pompoms in years. The flower is white with rosy lavender at center, while the petals are slightly outlined with lavender. The general tone is white. The flower is held correctly on stiff, wiry stems ranging up to 15 inches in length. The plants are thrifty growers reaching 3 to 4 feet in height and produce blooms in great profusion. The dainty coloring and splendid long stems made this the most useful of the many pompon varieties we grew during the past season. **Roots \$1.50**

CLARICE, Pom. 1½-2. An excellent new pompon originated by a neighboring dahlia enthusiast. This is a tall growing variety with extremely long stems and a color somewhat similar to Edith Mueller but decidedly more on the buff and brown tones. It is one of the most free blooming pompoms that we have ever had the pleasure to grow and is a most valuable cutting variety. **Roots \$1.50**

BETTY STONE, Pom. 83S Storrs, Conn. 1935. Flowers 1½-2 in., carmine in color held on strong wiry stems 6 to 8 in. in length. A fine pompon of healthy growth and very prolific flowering habit. The plants grow 3 to 3½ feet in height. This is an excellent cutting variety. **Roots \$1.00**

AIMIE. 1½ in. Delicate, small bronze.....**.35**

ANNA VON SCHWERIN. 1½ in. Shell pink, lighter at center.....**.35**

ANNA CHRISTINA. 1½ in. Golden yellow.....**.35**

ORCHID FLOWERING

ETOILE DE MAISTRE. Velvety chestnut-red with a reverse of golden yellow. **Roots \$.50**

ETOILE DE MARJOLET. Very deep garnet-purple with reverse of violet. **Roots \$.50**

M. JACQUES GALLARD. Bright red with a reverse several shades deeper. **Roots \$.50**

SINGLES

CARDINAL, Brightest cardinal-red with a yellow center. Plants tall. **Roots \$.35**

FLASH. Orange-scarlet with yellow center. The low plants are covered with bloom. **Roots \$.35**

FUJI SAN. Bronzy yellow with crimson ring at center. One of the best. **Roots \$.50**

LADY BOUNTIFUL. Rosy pink with darker ring. A very scarce variety. **Roots \$1.00**

NARANJA. Orange-scarlet. Tall grower and one of the good ones. **Roots \$.50**

NEWPORT TRIUMPH. Soft pink blooms with pointed petals. Fine for decorations. **Roots \$.25**

PINK BEAUTY. The most beautiful true pink single. This is one of the best. **Roots \$.50**

PURITY. A pure white of fine form. **Roots \$.35**

SCARLET BEAUTY. Brilliant scarlet with long stems. Tall plant, good stems. **Roots \$.50**

SON OF GENEVA. White with a margin of red. A very showy dahlia. **Roots \$.35**

TANGO. A blend of gold, tan and red. **Roots \$.25**

UNION JACK. Our favorite of the red and white bicolors. White with a broad margin of brightest red. Well named. **Roots \$.50**

WHITE STAR. A pure white. Plants tall and are covered with bloom. **Roots \$.35**

COLLARETTE

ERICA. Deepest amaranth-red, almost black with collar same tone tipped white. **Roots \$.75**

GIPSY. Rich maroon with white collar **Roots \$.50**

ORANGE QUEEN. A very bright orange with a yellow collar. Petals round. **Roots \$.50**

PATRICIA ARMSTRONG, Ball. A beautiful dahlia in this limited class. Rich, dark red with fine stems making it good for cutting. **Roots \$1 00**

TWINKLE, Anemone (Lee 1935). Pale pink, tipped with pale yellow. Plants are covered with small, dainty blooms. **Roots \$.50**

TEENY WEENY. This baby dahlia is classed by the originator as an anemone-pompon. The flowers are under one inch, are of a bright salmon color and cover the dwarf plants with bloom. A very odd variety. **Roots \$.50**
